LEVI  
BOAT COMPANY

*Corsair*

The LEVI CORSAIR is one of the major milestones in the design career of the legendary RENATO "SONNY" LEVI featuring his world famous and never surpassed race-bred deep-V hull.

No other boat on the market remotely compares, either in look or performance. Not surprisingly – considering her racing heritage – the Corsair is capable of speeds up to 50 knots and handles like a dream. The ride itself is unprecedented – super smooth and super dry – even in the roughest seas.

High performance resins are used throughout the tough construction which incorporates the latest building techniques such as PVC foam sandwich in the top-sides and deck.

The bathroom and the galley are lavishly fitted out with surfaces of highly polished black granite as well as the rich "sapelli" mahogany joinery work, which unites the interior in its sleek simplicity.

Glide through any marina and this boat is guaranteed to turn heads.

In our traditional shipyard located within the lagoon of Venice skilled shipwrights and artisans create this unique piece of floating art.

The attention to detail and elegance is a trade-mark of the LEVI BOAT COMPANY's commitment to quality, excellence and above all STYLE.

COMMITTED  
TO QUALITY

#### SPECIFICATIONS

MODEL	LEVI CORSAIR
Length overall	30ft 6ins (9.30 m)
Hull length	27ft (8.22 m)
Length waterline	23ft 9ins (7.23 m)
Beam	9ft (2.75 m)
Displacement	5.38 tons
Draught	0.80 m
Fuel capacity	119gals (540 lt)
Water capacity	44gals (200 lt)
Installable power	from 340 to 700 hp
Max speed	50 knots
Berths	3
Type approved to carry	8 people
Ce design category	C
